Agreement to Participate in Soccer Shots

Participation in all sports can be inherently dangerous and, regardless of the care taken to avoid injury, it is impossible to ensure the safety of all participating individuals. The game of soccer is no exception. In fact, soccer has many inherent dangers. It is a sport that demands cardiovascular fitness, coordination, and agility. Players may spend more than 45 minutes in intense physical activity and must be constantly aware of their surroundings (other players, goalposts, and the ball itself). Although soccer is not generally thought of as a contact sport, at competitive levels, it is. Although many risks can be avoided, some simply cannot.

While playing soccer, accidents do happen. Some of these accidents may be minor like collisions with other players, collisions with the ground, and being struck by the ball. Other accidents may be more significant like collisions with the goalposts. Other injuries may also include:

- minor injuries like scrapes, bruises, strains, blisters, and sprains;*
- more serious injuries like broken bones, concussions, muscle tears, and ligament tears;*
- catastrophic injuries like heat stroke, cardiac arrest, and death*

To reduce the risk of injury, participants are expected to abide by the following rules:

- all participants are expected to be physically fit before Soccer Shots begins*
- all players must adhere to the rules of soccer, thus creating a safe playing environment*

The below-mentioned participant agrees to follow the preceding safety rules, all posted safety rules, and all rules common to the sport of soccer. Further, the below-mentioned participant agrees to report any unsafe practices, conditions, or equipment to the Soccer Shots instructor.

I certify that the below-mentioned participant 1) possesses a sufficient degree of physical fitness to safely participate in soccer, 2) understands that he/she is to discontinue activity at any time he/she feels undue discomfort or stress, and 3) will indicate below any health-related conditions that might affect his/her ability to play soccer and he/she will verbally inform the Soccer Shots instructor immediately.
